PUBLIC NOTICE

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Poplar Bluff PWS Failure to Meet Monthly Turbidity and Chlorine Reporting Requirements

Este informe contiene información muy importante sobre su agua potable. Tradúzcalo o hable con alguien que lo entienda bien.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. We are also required to report monthly drinking water test results to the Missouri Department of Natural Resources by the 10th of the following month. Specifically, we failed to submit the monthly disinfection and turbidity report for the September 2026 monitoring period within the required timeframe in violation of state and federal monitoring and reporting requirements.

What should I do?

- There is nothing you need to do at this time.

What happened? What is being done? (Describe corrective action.)

Poplar Bluff Public Drinking Water System failed to meet multiple reporting requirements. Poplar Bluff has followed all DNR action to correct the violation. Poplar Bluff has implemented procedures to prevent this violation from occurring in the future.

For more information, please contact water system staff indicated below:

Joey VanMatre (name of water system contact) at 573-686-8650 (phone number) or PO Box 1268, Poplar Bluff, MO 63902 (mailing address)

Additionally, you may contact the Missouri Department of Natural Resources Southeast Regional Office at 573-840-9750 or the Public Drinking Water Branch at 573-526-6925.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
